What impact does the event card have on your programme?

What changes did you have to make to your future plans?

**A** What would the overall impact be on the area? How does your proposal address your ASPIRATIONS and CONCERNS?

**B** How likely is your overall proposal? What are the main challenges to it happening in your area?

**C** Which of your proposals would you prioritise to happen in your area? Why?

1. What is the overall impact on the area so far?

2. How would these proposals be externally resourced, or how would they support each other?
